Fort St. George, November 25, 1913.

No. 211.—Under the provisions of section 12 of the Negotiable Instruments Act (XXVI of 1881), the Government is pleased to declare that, in addition to the public holidays expressly defined as such in the act, explanation, viz., Good Friday, New Year's Day (Wednesday, the 1st January),

[illegible]

little effect, and no improvement has taken place. Five hundred Indian pilgrims were reported in December last to be stranded at Jeddah in very distressed circumstances in their return from the Hajj, while some of them were stated to have been dying in the streets from exposure and starvation. To meet the emergency a special grant of Rs. 17,000 was made from Imperial revenue for their repatriation.

2. It is desirable that the relief and repatriation of indigenous pilgrims should be provided by private industry and private organizations, and it has been suggested that in future funds might be forthcoming if properly organized local committees were formed with the assistance of the leaders of the Mohammedan community in the different provinces. I am to write attention to the suggestion to the Home Department under letter Nos. 5183-3201, dated the 12th December 1910, in which the Government of India recommended to the favourable consideration of local Governments a suggestion made by the Government of Bombay for the formation of such committees in co-operation with the Hajj Committee, Bombay, in the collection of subscriptions for the repatriation of destitute pilgrims who are stranded at Jeddah, and for the dissemination of any information regarding the Hajj furnished by the Pilgrim Department, Bombay.

3. The enclosed letter from the Government of Bombay indicates that the suggestion made in 1910 has had little effect, that no Hajj Committees have been established outside Bombay, and that almost the whole burden of providing relief is thrown on the Government of Bombay. The question has now become a much larger one since repatriation is required not only for indigenous pilgrims who have succeeded in returning to Bombay but also, and more urgently, for such as are stranded in the Hedjaz. The principle, however, remains the same, and I am directed to forward a copy of a despatch from the Secretary of State, No. 101-Bureau, dated 10th October 1913, together with a copy of the report on the Hajj of 1911-1912 in which Sir Akbar Hydari, the Vice-Chief at Jeddah, has recommended the establishment of local committees. I am to suggest that, with the permission of His Excellency the Governor in Council, the present situation of landing Mohammedan pilgrims and the various attempts to meet it should be referred to the attention of the Government of India.

4. The enclosed letter from the Government of Bombay may be drawn to the attention of the Government of India, and the Government of India may be directed to the advisability of taking steps for the formation, on an experimental basis, of voluntary local committees working on a voluntary basis. In order to reduce the burden and facilitate the work of the committees it might be suggested to the Government of India that the Government of Bombay should be authorized to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz.

5. The Government of India may be directed to the advisability of taking steps for the formation, on an experimental basis, of voluntary local committees working on a voluntary basis. In order to reduce the burden and facilitate the work of the committees it might be suggested to the Government of India that the Government of Bombay should be authorized to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz.

6. The Government of India may be directed to the advisability of taking steps for the formation, on an experimental basis, of voluntary local committees working on a voluntary basis. In order to reduce the burden and facilitate the work of the committees it might be suggested to the Government of India that the Government of Bombay should be authorized to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz, and to make arrangements for the repatriation of pilgrims who are stranded in the Hedjaz.

No. 816-428, dated Sialkot, the 14th May 1908.

From—The Hon'ble Mr. J. C. PATER, C.B., F.R.S., Secretary to the Government of India.
To—Local Governments and Administrations in India.

I am directed to address you further on the subject of dealing with indigenous pilgrims proceeding to the Hedjaz.

2. In the Home Department letter dated the 27th November 1905 the Government of India, after expressing the views which had guided them in refusing from including in the purchase of return tickets by pilgrims, referred to the fact of the system of compulsory return tickets having been introduced by the Egyptian, Persian, Dutch and British Governments, and invited of Local Governments whether, in view of the usual influx of large numbers of indigenous pilgrims at Jeddah after the Hajj, a similar system might not in the interests of the pilgrims themselves be introduced in India. The opinion of the leading Mohammedan and European pilgrims which were obtained and forwarded by Local Governments showed that the majority of the pilgrims were opposed to the proposal. It was represented that many of the pilgrims stayed in Arabia permanently, and some of them embarked with their wives and their families instead of returning by sea. It was further suggested that if a system of return tickets was adopted it would be difficult to arrange that pilgrims should find themselves of the line by which they wished to return, and that it was quite impossible to induce various shipping companies to work in consultation.

For these reasons the Government of India decided in their letter to Local Governments No. 125-142, dated May 16th, 1907, to abandon the proposal. At the same time they requested Local Governments to adopt such measures as they might find desirable to bring to the notice of the Government the advisability of dealing with the Hajj on a different basis.

3. Experience has shown that the Hajj Committee at Jeddah, which was set up by the Government of India, has been successful in its efforts to reduce the number of pilgrims who are stranded in the Hedjaz. The annual reports of the Hajj Committee at Jeddah, a Mohammedan gentleman named Sir Akbar Hydari, have directed

year after year a state of affairs that can only be described as lamentable. In his report on the pilgrimages for 1910, 1911 the Vice-Consul wrote as follows:—

"The third and the last road of the pilgrims, namely of Indian pilgrims, is to find means for their repatriation to India. Experience shows that the number of pilgrims is increasing year by year. The local Turkish Government demands registration of the pilgrims and there are no means at the disposal of this Government to ship hundreds of thousands of pilgrims every year.

I beg to submit that it will be to the interest of every body concerned including the pilgrims themselves if the compulsory return ticket system be enforced even if it is for one year at a time. It is a painful sight to see these pilgrims dying by thousands every year annually in this country for want of protection against inclemencies of weather, proper food and sufficient means to take them back to their homes."

In his report for 1911-1912 Dr. Abdur Rahmat again urged the necessity of action.

"It is generally to be desired," he wrote, "that some means were devised for assisting the arrival of Indians on such circumstances and under such conditions as are a disgrace to Islam."

"In this year the 26th of February saw the last shipment of Bengalee pilgrims sail from Jeddah, while the bulk of them had left within one month of the end of the Raj and it took nearly the end of June to get rid of the Indians."

"There was a considerably smaller number than was expected, close on one thousand Indians were lying for weeks in this town in the most abject misery. It goes without saying that a great number died."

"It is very natural that the Turkish authorities should object to such a system and that they should demand that provision should be made by the responsible Government for the removal of its subjects who are a burden and an offence and a source of danger to the town."

"The situation during the recent pilgrimages has become even more acute. Some 400 Indian pilgrims collected in Jeddah before the end of December in the most pitiable circumstances of overcrowding and disease. Private charity was exhausted, shipping companies refused to accept them free of charge. The Government of India made a special grant of Rs. 17,000 for their repatriation."

"The reports of the Vice-Consul have been endorsed by the British Ambassador at Constantinople and have attracted the attention of His Majesty's Secretary of State for India. They result in two conclusions, etc.—

(a) That the annual influx of indigenous pilgrims from India is a source of much misery and consternation.

(b) That the best solution of the problem is a system of compulsory return tickets.

"In view of these conclusions the Government of India for some time past have been in communication with the Bombay Government. They are, in every, deeply concerned in arranging for the conveyance to Arabia in safety and health and at a reasonable cost of their Mohammedan subjects, and they consider that the time has come to march Local Government and the Mohammedan public generally on the whole question. With this object they forward herewith the latest proposals of the Bombay Government contained in that Government's letter, No. 2096, dated 11th April 1912.

7. That Government proposed to give to a firm of standing the monopoly of the pilgrim traffic to the Hedjaz for a term of years subject to conditions as to:—

(a) the adoption of a system of compulsory return tickets;

(b) fixed maximum passage rates;

(c) the introduction of a general improvement in the conditions of traffic.

8. The arguments in favour of a system of compulsory return tickets are, first, that the system has been successfully introduced by other governments, e.g., the Egyptian, French, Dutch and Spanish Governments; secondly, that article 28 of the Paris Sanitary Convention of 1903, to which India is a party, provides that if local circumstances permit, pilgrims must prove that they possess a return ticket, and the same recent Convention of 1911 contains the same proviso (article 26); and, thirdly, that the Bombay Government who are specially interested and have special knowledge of the pilgrim traffic are strongly in favour of the proposal and that an alternative proposal to remedy the existing evils has been put forward.

9. The impossibility of inducing the various companies to work in combination in the past was one of the chief objections raised to a system of compulsory return tickets. This objection is met by the proposal to grant a monopoly. Thirdly, it is the opinion of the Government of Bombay, is necessary if only to avert food or economic ruin, and without these it would be difficult to secure either profits for the shipping companies or sufficient ships for the pilgrims.

10. The Government of India have no definite intention as to how the maximum rates set out in the letter of the Bombay Government compare with the average rates now levied but they informed that the present system has not been considered to cheap passage rates during recent years. The Vice-Consul's report to the Raj of 1911-12, a copy of which was enclosed with this department's letter No. 413-214, dated 19th April 1912, regarding Haj subventions, will show that for a single that the advertisement ratecharge without exceeded Rs. 25 for the outward voyage but, is positive, amount. For the return journey the price of Jeddah to Mecca ranged between Rs. 25 and Rs. 40 according to the Haj report for 1911-12, and during the recent pilgrim season the Bombay Peninsula Steam Navigation Company charged at the rate of Rs. 40 per head in the case of the indigenous pilgrims for more given in the Bombay Government's letter are likely to prove a serious obstacle to the acceptance of the scheme. The Government of India would be glad to consider any alternative proposals which would facilitate the introduction of a satisfactory system of return tickets at more moderate rates (possibly less) and will gladly accept the views of Mohammedan pilgrims at a reasonable cost to them, even if it may be necessary for this purpose to grant to the Steam Company a subsidy from general revenues.

12. With these remarks I am to commend the scheme to the consideration of the Hon. Secretary to the Government of India (in Council) and to ask that any remarks either on the principles or details may, after consulting with leading Mohammedan gentlemen and associations, be furnished to the Government of India.

I am to request that the matter may be treated as urgent, as the Government are desirous that any measures that may be approved should be introduced for the pilgrimage of 1914.

13. His Excellency in Council desires that the present proposal should not interfere with the formation of local Hajj Committees as recommended in this Department letter No. 408-31, dated the 18th April 1913. Such committees may not only be of some use for the purpose of the meeting pilgrims but will, even if a system of compulsory return tickets is adopted, be of assistance in obtaining information, in acting as the channel of communication between pilgrims and the Central Hajj Committee, and in raising funds for the repatriation of the indigent pilgrims that may still continue to be stranded in the Holyland. Finally, the Government of India consent to the worthy and charitable members of the community the cause of the poorer Mohammedans whose sufferings they deplore and desire to relieve.

No. 1049, dated Bombay Castle, the 12th April 1913.

From—J. L. Rux, Esq., J.C.S., Secretary to the Government of Bombay, General Department.

To—The Secretary to the Government of India, Department of Education (Bombay).

I am directed to refer to my letter No. 408-108, dated the 28th December 1912, and paragraph 10 of my letter No. 174, dated the 4th February 1913, on the question of entering by a single voyage from the monopoly of the pilgrim traffic between Bombay and Jeddah subject to conditions as to duty of passage rates, the adoption of a system of compulsory return tickets, and the introduction of a general improvement in the conditions of the traffic.

2. The Government in Council has given the most careful consideration to this important question and has decided that it is in the interests both of the pilgrims and of Government it is preferable that any arrangement which may be concluded on the lines indicated above should be with Messrs. Turner, Morrison and Company, who, as the present controlling Agents of the Bombay Steam Navigation Company, are in a position to place before the Government of India the conditions on which, as a credit to that Government, the Company are prepared to agree to undertake the monopoly of the pilgrim traffic from the ports of Bombay and Karachi. The Bombay Government recommended the acceptance of the conditions of the agreement as now preliminarily arrived at. These are set forth in the following paragraph.

3. The Bombay Government have accordingly discussed with Messrs. Turner, Morrison and Company the terms of the offer which they originally made by their letter dated the 25th January last, and are now in a position to place before the Government of India the conditions on which, as a credit to that Government, the Company are prepared to agree to undertake the monopoly of the pilgrim traffic from the ports of Bombay and Karachi. The Bombay Government recommended the acceptance of the conditions of the agreement as now preliminarily arrived at. These are set forth in the following paragraph.

4. (1) The agreement to be for a period of five years but terminable on the part of Government at one year's notice.

(2) The agreement to extend to Bombay and Karachi, at which ports the only ships which will be licensed under the Pilgrim Ships Act will be those put forward by the Company.

(3) Return tickets alone to be issued to pilgrims from these ports.

(4) Maximum rates for tickets to be fixed at present for the first two years; the rates for subsequent years will in no case be lower than those, and Government will consider whether the improved conditions of service do not justify an enhancement.

(5) The maximum rates for the next season, in which the last date of sailing will be the 10th October, to be as stated below. (In each subsequent year the date will be two days earlier) :-

	to
(a) from the 25th September to the 10th October 180
(b) from the 21st August to the 25th September 160
(c) from the 1st August to the 21st August 150
(d) before the 1st August 140

* There are a (1) Commemorative guarantee dues, which are at present included in the price of the ticket, to be in addition to the above rates but to be paid subsequently with the general rate in 1914.

(1) No broken to be licensed under Bombay Act II of 1907 so that the Company will not have to pay licence. But the Company undertake to maintain and be directly responsible for a staff of agents who will perform all the duties, including those connected with the repatriation of the pilgrims, now carried out by the licensed brokers. Each staff to be approved by the Commissioner of Police and each member of it to be certified by him as authorized in the behalf.

(2) Each ticket to carry a guarantee of a return passage from Jeddah within 24 months of the last date of the Hajj provided the holder thereof presents the return receipt at Jeddah within two months of each date.

(3) The Company to arrange to give return passages to pilgrims as far as possible according to priority of date of outward passage and of arrival at Jeddah on the return journey.

(4) Ships to leave for Jeddah within seven days of the designated date of sailing, provided that on the case of ships deferred to sail during the period, when maximum rates of not more than Rs. 150 are in force, then delay may be extended to ten days under the authority of the Commissioner of Police and no good cause being shown thereby.

(5) In the case of each holder of a ticket who is certified by the British Consul at Jeddah to have died in the Holyland the Company will, on production of the signed return receipt, pay Rs. 10 to the Commissioner of Police for disbursement to the heirs of the deceased.

(12) Pilgrim ships will, before the commencement of the pilgrim season, undergo a single annual survey in respect of seaworthiness, the satisfaction before each voyage being confined to a check on alterations in accommodation and equipment.

(13) The Company undertakes to dispatch at least two ships from Kutch, one between the 15th and the 25th July, the other between the 15th and the 25th August (and between corresponding dates in subsequent years). Such ships will have the option of sailing at Bombay after leaving Kutch in order to receive a full complement of passengers.

5. It is to be said that the above terms have been provisionally agreed to after careful deliberation between the Bombay Government and the representatives of the shipping and have been accepted by the Government of India. The Government in Council believe that their acceptance will do much to remove the hardship suffered by Indian pilgrims in the Hadjaz, and will relieve Government and their officers of the enormous expense experienced by them year after year in regulating the traffic on the outward journey and in arranging for the repatriation of the large numbers of pilgrim pilgrims who remain stranded at Jeddah in the most phibic circumstances at the close of every pilgrim season.

6. I am accordingly to urge that the Bombay Government may be authorized to enter into a formal agreement with the Company embodying the terms set forth above. In view of the near approach of the first sailing for the pilgrim season it is most desirable that the Company should be in a position to sail at a very early date (if possible not later than the 15th May) to pilgrims throughout India their programme of sailing and daily schedule of sales, more especially as the latter is going forward with the object of inducing pilgrims to make an early departure and of preventing a congestion of traffic later in the season. For the same reason it is important that the Government should, as soon as possible, be in a position to inform the other local Governments concerned of the alterations of the conditions of the pilgrim traffic and more particularly of the institution of the new ship sailing system, so that they in turn may take steps to more effectively regulate the pilgrim traffic. Failure to take these precautionary measures in time would inevitably result in the arrival in Bombay of large numbers of pilgrims accompanied with sufficient means to purchase tickets under the new conditions, a contingency which might seriously impede the successful working of the scheme, and would seriously meet such inconvenience and anxiety to the pilgrims and municipal authorities of the city. I am therefore to express a hope that the Government of India will be pleased to sanction these terms regarding the present proposals with the least possible delay and by telegram.

7. I am to add, in conclusion, that the Governor in Council, with a view to immediate action on receipt of the sanction of the Government of India, taking steps to have the terms of the agreement put into legal form.

A. G. GARDNER,
As. Chief Secretary.
